What Is the 13% Sales Tax? The 13% Sales tax is a tax added to anything consumed in Costa Rica. As of July 1, 2019, this tax is applicable to all goods and services and is a standard of taxes in this country. It is added to the final amount of your bill and itemized clearly in the invoice for your meal.

What Is the 10% Service Tax? In Costa Rica, the law states that for all food and beverage items, there is a standard 10% Service Tax that is billed and collected, and this Service Tax is divided up among the restaurant staff including waiters, cooks, and everyone in between. This is a guaranteed "tip" for them all, but we encourage you to add extra tips as you see fit for great service delivered by our team. This tax is added to the final amount of your bill and itemized.
